EXPERIENCE

**Co-Founder &
Tech Lead**

2017 - Present

HAPPY DINOSAUR PTY LTD

Happy Dinosaur is an advertising startup which has established an innovative strategy to utilise takeaway coffee cup as medium and cafes as hubs for delivering business messages to target local audiences.

My lead role is to design & develop both web & mobile platform for online system through performing requirements analysis, design, technology sourcing to implementation, maintenance, and product analysis; manage digital marketing and social media advertising.

**Full Stack Web
App Developer**

Mar, 2017 - Sep, 2017

CHAPTECH

I am responsible for building a web platform written in modern software technologies. My responsibilities:

- Develop a complex web application from scratch for both frontend (with HTML5, CSS3, ReactJS) and backend (with Hapi.js, Node.js, MySQL)
- Implement GIS by using Mapbox API
- API design and development
- Testing, debugging, troubleshooting, maintainence, and application stability & performance improvement

**Android Lead &
Web Developer**

May 2016 - Mar, 2017

IRECRUIT AUSTRALIA

I am responsible for the full lifecycle Android development through design, project architecture, implementation to debugging & troubleshooting, testing, and product release; the web application front-end development from project planning to translating UI design into code and handling & presenting business logic visually in the web interface.

Mobile App Developer

Jun 2011 - Apr, 2016

LOCATRIX COMMUNICATIONS

- Professional Android development with Java & iOS development with Swift
- Involved in full lifecycle mobile app development for both enterprise internal & commerical products from the ground up to ready-to-go product

**Customer Service
Coordinator**

Air Export Ops Officer

VANTEC WORLD TRANSPORT(HK) LTD

UPS SUPPLY CHAIN SOLUTIONS

EDUCATION

Griffith University

2008 - 2011
